

Join the Winning Team with Amicus MSF

Amicus reps provide a vital link between the members and the union. They act as a focal point for members' enquiries and problems.

'There is strength in numbers. One million members makes a bigger impact than one solitary voice. It makes sense to be a part of a professional organisation that campaigns ceaselessly on your behalf.

Find out how you can make a difference in your workplace!'

It is important for members to know that they have someone in their workplace they can go and talk to and discuss A4C issues.

Issues can sometimes be resolved just by talking them through. It is important to know that you have a friend on your side when you've got problems at work.

Interested in becoming an A4C Union Representative?

We are always looking for members to get involved in Amicus' work in some capacity.

If you would like to learn more about what an Agenda for Change rep does then give us a call. There's no obligation to take on the role! Reps are however entitled to a range of legal rights, including paid time off for union activities, training and out of pocket expenses.

If you are interested in becoming a rep you will have access to comprehensive training locally and at our own Educational College and will have paid time off and all meals, travelling and accomodation expenses paid. Facilities at Whitehall include an outdoor heated swimming pool, sauna, acres of attractive grounds and a bar.
